

RESEARCH ETHICS II

VOLUNTEERING FOR CLINICAL RESEARCH - CREATING HOPE, MAKING A DIFFERENCE -

8 November 2008 (Saturday) | 4.00pm to 6.00pm
Theatre | Level 2, Suntec Singapore Convention Centre

New medical treatments are constantly being introduced, but have you wondered what goes on behind the scenes before they are offered to you and your loved ones? In this Public Forum, patients and interested members of the public can learn more about clinical research, its importance and whether it is safe to participate in one. This opportunity to gain greater awareness and a better understanding of research, will help you make informed decisions on volunteering for clinical research.

A welcome pack will be given at the Forum

Topics & Speakers

Am I Too Old For Research?

A/Prof CHIN Jing Jih, Tan Tock Seng Hospital

Paediatric Research – Don't Experiment on My Child!

A/Prof Stacey TAY, National University Hospital
